

If you have been searching for an alternative to hazardous chlorinated solvents, there is no need to search further. This product is a blend of natural and synthetic compounds that combine to produce a remarkable effective product. Natural citrus extracts produce incredible solvency to cut through the most difficult deposits. Carefully selected solvents, chosen for their low toxicity and lack of effect on atmospheric ozone complete this newest development in industrial solvents. This cleaner is one of the few products that retains excellent degreasing ability while meeting today's trends to responsible cleaning products. The light fresh scent makes even the most tedious and unpleasant task more bearable.

#### **DIRECTIONS FOR USE:**

Developed to safely remove grease, oil and tar from a variety of surfaces. It works quickly on metal parts without causing corrosion under normal conditions. Although this product is safe on most plastic and painted surfaces, be sure to test before using.

**NATURAL CITRUS EXTRACTS  
PROVIDE THE STRENGTH  
TO REMOVE TOUGH GREASE,  
OIL, DIRT AND GRIME**

#### **CAUTION - COMBUSTIBLE**

Harmful if swallowed.

See side panel for additional  
precautions and first aid instructions.

**DIP TANK CLEANING:** Dip parts to be cleaned into solvent. Allow to soak until grease and grime are loosened. Remove and allow to dry. To reduce drying time, use a compressed air gun.

**SPRAY CLEANING:** Spray solvent directly on parts using air gun or sprayer. Be certain to cover entire surface to be cleaned. Allow solvent to work for 5 to 10 minutes. Parts can be wiped dry or allowed to air dry. Ideal for use in a recirculating parts washer.

#### **CAUTION - COMBUSTIBLE**

Harmful if swallowed. Store away from heat or open flame. Avoid prolonged or repeated exposure to skin. Use with adequate ventilation. Avoid contact with eyes. If swallowed, do NOT induce vomiting and contact a physician immediately. If in eyes or on skin, wash affected area with large amounts of cool water. If irritation persists, obtain medical attention.
